KIDWELL'S COMPOUND FLUID EXTRACT OF BEECH DROP OR CANCER ROOT:

(OROBANCHE VIRGINIANA,) For the rapid cure of Cancer, Ulcerated Sore Throat. White Swelling, Bronchitis, Dropsy, Dyspepsia, and all Diseases arising from an Impure state of Prepared by J. L. KIDWELL, Druggist, George

History of the Beech Drop, or Cancer Rost. THE BEECH DROP, OR CANCER ROOT, is figured and described by the celebrated Dr. Barton, in his Medical Botany.

A knowledge of its extraordinary medical virtues was first learned from the North American Indians, by whom it was used for the treatment and cure of Cancer, Rheumatism, Scrofula, and Consumption.

The Fluid Extract of Orobanche is composed entirely of the products of the vegetable kingdom, so combined as to possess in the greatest perfection the virtues and powers of an alterative and purifier of the blood. It is, therefore, applicable as a never-failing remedy in Scrofula, whether suppurative or glandular, Chronic Rheumatism, Cancerous diseases in any form, especially cancerous diseases of the Uterus. In all complicated cases of Scrofula and Syphilis, and in cases where the syphilitic virus of the parent causes a development of Syphilis or Scrofula in the child, this is the only remedy upon which a hope of recovery can be reasonably founded. It is useful in all scaly skin diseases, Ulcerated fore Throat, White Swelling, diseases of the bone, and all cases of an ulcerous character. It is also particularly useful in Chronic and Nervous Comlaints, occurring in debilitated and cachetic constiution; in Bronchitis, Dyspepsia, Chronic Enlarge ment of the Liver and Spleen, Dropsy, diseases of the Kidneys and Blander, and all diseases arising from

an impure state of the blood. The estimate that is accorded this preparation by the medical profession, and indeed by all competent to judge of its merits, may be seen in the fact, that it is constantly prescribed by many of our most eminent physicians, and that it has been presented to their students as worthy of their especial attention. The following certificate is given from the very best authority-John R. Jones, late Assistant Clerk cusidered extraordinary. Most of the members of both Houses of Congress visited him at the St brated for the number of extraordinary cures | Charles Hotel, and expressed their astonishment at fected through its agency, has induced the proprie- the wonders effected by the Compound Fluid Extract

OHRONIC RHEUMATISM CURED! GEORGETOWN, Jan. 31, 1853. DEAR SIR: It is with a sense of gratitude, and desire that others suffering from disease may be induced to use the Extract of Beech Drop, that I consent to give the following statement for publicity. Until the last month I was a sufferer from Chronic Rheumatism, from the effects of which my health war so completely undermined and broken up, that I lost 20 or 30 pounds of my usual weight. Anxious to find some relief, I resorted to the most approved patent medicines. I used a number of bottles of Townsend's Sarsaparilla, and exhausted the list of Liniments, without any effect. My joints now became enlarged, and the pains in my limbs so excruciating, that they had to be rubbed two or three times a night. The muscles of my legs were so contracted that I presented the appearance of a man of sixty-five when I walked. In this condition, more through curiosity than a belief in its good effects, commenced the use of your Beech Drop, and in ten or tweive days the swelling about my joints had subsided; and now, after the use of three bottles, I am able to resume my business, and can walk with the same ease and comfort that I formerly did.

Yours truly, &c., Second street, Georgetown. GEORGETOWN, February 1, 1854. MB. KIDWELL-SIR: A female member of my family, aged 14 years, had been affected with a painful Scrofulous affection of the ear for 4 years, and although the best medical advice was had here and in Baltimore, still the disease increased and the pain often became almost intolerable. Fortunately for us, your Beech Drop was recommended to be used, and I have great pleasure in stating that it has been eminently successful. The Mucous Secretions has not made its

appearance for some months; the health of the patient has been quite restored; all the parts that were heretofore so much diseased have become sound and well, and I am much gratified in being able to state to you, that I regard it as having been accomplished entirely by the use of your Beech Drop. I am very respectfully, your obedient servant, GEORGE POR, Jr., To John L. Kidwell.

WASHINGTON, D. C., December 12, 1853. John L. Kidwell: Dear Sir-This is to certify that my daughter, aged 2 years, was affected with Scrofla of a very aggravated form-the disease had so spared of. Hearing of the efficacious effects of your Beech Drop in such cases, I procured it, and after using one bottle so evident was her improvement that we persevered with it. When she had used bottles, her health was perfectly restored. Our neighbors and friends who saw her condition prior to using the Beech Drop, unite in attributing to your remedy the credit of her recovery.

Very respectfully yours, WILLIAM R. McLean. To John L. Kidwell, Georgetown. Cure of Scrofula of ten years standing. The reputation of Mrs. Emerson, for the treat ment of Ulcers and Scrofula, &c., extends over the greater part of Maryland, Virginia, and the District of Columbia. She will che-rfully give the particulars of the case named below, (which is remarkable) if visited at her house.

Mr. Kidwell-Dear Sir: I had a lady under my charge of the highest respectability, afflicted with a complicated case of Scrofula, which entirely baffled the physicians for eight or ten years. Failing myself to arrest the disease, I was induced to use your preparation of Beech Drop, the effect of which has n miraculous after the use of three bottles. I consider her perfectly restored. I am now deter mined to use it constantly with my patients, fully satisfied that it excels any preparation known for

such diseases. Respectfully, E. EMERSON, Corner Wolf and Water sts., Alexandria.

TO ONE AFAR.

BY H. MARION STEPHENS. Thou art not here! The midnight stars are paling And dropping one by one from out the sky; The night-wind comes to me with wilder waiting, As echo of my heart-thou art not by! Yet like the stars, my heart and hopes are creeping To that dear home where thou, my love, art sleep-

Thou'rt all my own! for, like an angel's blessing, Slumber her woof of dreams hath o'er thee thrown Dost thou not feel my lips to thine now pressing. Are not mine arms entwined amid thine own : Ah, blessed sleep! I too, might share it, only Thou art not here, and I am more than lonely.

It may be, dear, that I am only dreaming; But life hath grown more pleasant than of yore And from thy lips love bath a holier seeming, And life more hopes and aims than heretofore It may be, there will come a dark to-morrow, And my heart waken to a world of sorrow.

My spirit moans for thee! I cannot hush it; Its pleadings haunt the stillness of this hour! My heart is in thy clasp! Ah, do not crush it As a wanton plaything, or an idle flower! Morn may restore the flower, its blocm departed; But there's no morning for the broken-hearted!
